

Themistocles M. Rassias

Curriculum Vitae

Themistocles M. Rassias is a Greek mathematician born in Pellana, Lakonia, Greece.

Personal

Address: National Technical University of Athens

Department of Mathematics

Zografou Campus

GR-15780, Athens, GREECE

Tel.: +30 210 772 1719 (office)

E-mail: trassias@math.ntua.gr

Web page: www.math.ntua.gr/~trassias

Education

1976 **University of California, Berkeley, USA.**

Ph.D. in Mathematics

Thesis advisor: Professor Stephen Smale

Academic advisor: Professor Shiing-Shen Chern

Employment

2000 - present **National Technical University of Athens, Greece.**

Department of Mathematics,

Professor

1996 - 1999 **National Technical University of Athens, Greece.**

Department of Mathematics,

Associate Professor

1982 - 1996 **University of La Verne California (Athens Campus).**

Department of Mathematics,

Professor

1988 - 1996 **University of La Verne California (Athens Campus).**

Department of Mathematics,

Chairman

1988 **University of Torino, Italy.**

Institute of Mathematical Physics “J.-L. Lagrange”,

Visiting Professor

- 1980 - 1983 **National Scientific Research and Technology Institute (YEET), Athens, Greece.**
 Research Mathematician
- 1980 **Massachusetts Institute of Technology, USA.**
 Department of Mathematics,
 Visiting Research Professor (spring semester), invited by Professor F. P. Peterson
- 1980 **Harvard University, USA.**
 Department of Mathematics,
 Research Associate (spring semester), invited by Professor Raul Bott
- 1977 - 1978 **Saint Mary's College, Minnesota, USA.**
 Department of Mathematics,
 Adjunct Professor
- 1976 - 1977 **University of California, Berkeley, USA.**
 Department of Mathematics,
 Postdoctoral Research Fellow

Honors, Awards and Prizes

- 2016 *Award for Lifetime Achievements in Mathematics*, Conference on Ulam's Type Stability, Cluj-Napoca, Romania
- 2016 *Doctor Honoris Causa* (DHC), Valahia University of Targoviste, Romania
- 2012 “*Nonlinear Analysis: Stability, Approximation and Inequalities. In Honor of the 60th Anniversary of Th. M. Rassias' birth*”, edited by P. Pardalos (USA), H. M. Srivastava (Canada) and P. G. Georgiev (USA), Springer, New York
- 2011 *The Journal of Nonlinear Sciences and Applications (TJNSA)* dedicated a Special Issue to the “60th anniversary of Th. M. Rassias’ birth”
- 2010 *Ulam Prize in Mathematics*, for the best paper published in the *International Journal of Nonlinear Analysis and Applications* (2009-2010)
- 2010 *Honorary Doctorate*, University of Niš, Serbia
- 2009 The Journal *Nonlinear Functional Analysis and Applications (NFAA)* dedicated a Special Issue to “The 30th anniversary of Th. M. Rassias’ stability theorem”
- 2008 *Doctor Honoris Causa*, University of Alba Iulia, Romania
- 2007 The *Banach Journal of Mathematical Analysis (BJMA)* dedicated two Special Issues to “The 30th anniversary of Th. M. Rassias’ stability theorem”
- 1991 Fellow of the *Royal Astronomical Society*, London, UK
- 1989 - 1991 *Outstanding Faculty Member*, University of La Verne California (Athens Campus)
- 1987 *Accademico Ordinario*, Accademia Tiberina, Roma, Italy
- 1985, 1986 *Teacher of the year*, University of La Verne California (Athens Campus)

- 1981 *Active Member*, The New York Academy of Sciences, New York, USA
1978 - 1979, *Membership offer*, Institute for Advanced Study, Princeton, USA, that he could
1977 - 1978 not accept for family reasons

Research Interests

His work extends over several fields of Mathematical Analysis. It includes Global Analysis, Analysis on Manifolds, Calculus of Variations, Nonlinear Functional Analysis, Approximation Theory, Functional Equations, Inequalities, Metric Geometry and their Applications.

Editorial Boards

Editor (or former Editor) of:

- Journal of Mathematical Analysis and Applications
- Journal of Global Optimization
- Optimization Letters
- Applicable Analysis and Discrete Mathematics
- Mathematical Inequalities & Applications
- Banach Journal of Mathematical Analysis
- Newsletter of the European Mathematical Society
- Bulletin of the Korean Mathematical Society
- Australian Journal of Mathematical Analysis and Applications
- Annals of Functional Analysis
- Communications of the Korean Mathematical Society

Referee of international mathematical Journals including:

- Transactions of the American Mathematical Society
- Proceedings of the American Mathematical Society
- Journal of Approximation Theory
- Journal of Mathematical Analysis and Applications
- Nonlinear Analysis: Theory, Methods & Applications
- Journal of Algebra
- Aequationes Mathematicae
- Journal of Computational and Applied Mathematics
- Mathematical Inequalities & Applications
- International Journal of Mathematics and Mathematical Sciences
- Journal of the Australian Mathematical Society (Series A)

Reviewer of

- Mathematical Reviews (since 1980)
- Zentralblatt für Mathematik (since 1983)

Committee member-external examiner for Ph.D. Theses submitted to several universities worldwide.

Further Research Activity

► He has delivered lectures in several universities including:

- Harvard University, USA
- Massachusetts Institute of Technology, USA
- Yale University, USA
- Princeton University, USA
- Stanford University, USA
- Université de Montréal, Canada
- University of Michigan, USA
- University of Toronto, Canada
- Imperial College, London, UK
- Technion - Israel Institute of Technology, Haifa, Israel
- Université Paris Dauphine, France
- Technische Universität Berlin, Germany
- Universität Göttingen, Germany
- Scuola Normale Superiore, Pisa, Italy
- University of Rome “La Sapienza”, Italy
- University of Torino, Italy
- University of Bologna, Italy
- University of Barcelona, Spain
- University of Milan, Italy
- University of Niš, Serbia
- University of Bucharest, Romania ► He has delivered lectures in several Conferences and Congresses in USA, Europe and Asia.

Memberships

He is a member (or former member) of:

- American Mathematical Society
- Mathematical Association of America
- European Mathematical Society
- London Mathematical Society

A. Books (as author or co-author)

- A1. Th. M. Rassias, *Foundations of Global Nonlinear Analysis*, Teubner-Texte zur Mathematik, Band 86, Leipzig, 1986 (218 pp.).
- A2. G. V. Milovanović, D. S. Mitrinović and Th. M. Rassias, *Topics in Polynomials: Extremal Problems, Inequalities, Zeros*, World Scientific Publ. Co., Singapore, New Jersey, London, 1994 (821 pp.).
- A3. Th. M. Rassias and J. Šimša, *Finite Sums Decompositions in Mathematical Analysis*, John Wiley & Sons Ltd. (Wiley-Interscience Series in Pure and Applied Mathematics), Chichester, New York, Toronto, 1995 (178 pp.).
